

IRDAI Master Circular on Health Insurance Metrics

Regulatory Circular: IRDAI/HLT/REG/2026/V1

IRDAI STANDARDIZATION OF PRE-EXISTING DISEASES (PED)

As per the 2026 master guidelines, no general or health insurer can classify a disease or ailment as 'Pre-Existing' if it was diagnosed or treated less than 36 months prior to the inception of the policy.

Furthermore, any claim filed for a condition that occurs after a continuous renewal period of 8 years (Moratorium Period) cannot be contested by the insurer on grounds of non-disclosure, except in proven instances of deliberate cross-border financial fraud.
